May Steel Strike Can Be Averted, Mediator Says

Romney Asked To Reinstate Guard General

LANSING (AP) — Brig. Gen. Carson Neifert's attorney, arguing that Neifert had been "caught in the middle" of a situation which led to his suspension, Thursday asked Gov. George Romney to reinstate him as quartermaster general of the Michigan National Guard.

Russell Noble of Jackson filed an 11-page brief summing up Neifert's position after Romney's 93-hour hearing on "gross neglect of duty" charges against Neifert and Maj. Gen. Ronald McDonald, the adjutant general.

McDonald's attorney, Thomas McAllister of Bad Axe, filed his final summation earlier, arguing "there is no law or facts in the case to warrant the dismissal of Gen. McDonald."

Assistant Atty. Gen. Russell Searl and James Ramsey will have until May 3 for a rebuttal before Romney makes a decision. They filed a 27-page summation last week.

Noble said, "It is counsel's opinion that your excellency's ruling in this matter will be final."

He cited a Michigan Supreme Court opinion in an earlier case saying that "it would be unbecoming in us (the court) to impugn his (the governor's) motives and unseemly and unlawful to invade his discretion."

McAllister has indicated he would appeal an unfavorable decision, and also argued that Romney should not have conducted the hearing.

In his final brief, McAllister repeated that Romney had convicted McDonald before hearing the facts.

Romney answered him at one point in the hearing, saying he did not know what his decision would be and that he already had heard evidence which would modify the recommendations of the State Military Board that both generals be fired.

Charges against the generals involve alleged illegal land transactions at Camp Grayling, "illegal expenditures" and "falsification of entries."

Mother Is Held In Knifing Death Of Daughter, 3

TRAVERSE CITY (AP) — Mrs. Viola Minert, 35, was held in protective custody Thursday at Traverse City State Hospital to await circuit court action on a charge of murder in the knife death of her 3-year-old daughter, Cheryl.

Undersheriff Jack Canfield said she waived examination on the charge late Wednesday in municipal court.

Mrs. Meinert is accused in the Tuesday night death of her 4-year-old son, Mark, who is reported in improved condition at Munson Hospital.

MISSISSIPPI FLOODWATERS reaching for a crest of 26 feet this weekend are doing their best to flood the west approach of the U.S. 20 highway bridge out of Dubuque connecting with East Dubuque. Looking eastward, the bridge is at upper right, with the lower business section of Dubuque in the background. (AP Wirephoto)

Flood Pressure Shifts To Iowa-Illinois Cities

By The Associated Press

Mississippi River floodwaters covered much of Dubuque, Iowa, today as the swollen current increased pressure on sections of western Illinois and eastern Iowa.

The tide was scheduled to peak at swamped Prairie du Chien, Wis., where nearly a third of the city of 5,649 population is under water.

The river sweeping southward, stopped its steady rise at Quincy, Ill., giving workers some leeway to prepare defenses against a predicted April 30 crest that could run eight feet above flood stage.

The river was running eight feet over its 17-foot flood stage in Dubuque as some 1,000 volunteers sandbagged levees. Reinforcements streamed in from as far as New Hampton, 115 miles northwest, to relieve weary workers who have hauled almost 300,000 bags of sand.

Officials say the river will crest Saturday night at 26.5 feet in Dubuque, a city of 57,000 at the Wisconsin-Illinois-Iowa junction. Overflows have already covered an eight-block riverside section in downtown Dubuque.

The Red Cross estimated that floods have damaged 1,094 homes in Iowa and injured 42 persons. President Johnson declared the state a disaster area, as he had done in Minnesota and Wisconsin. Floods have evicted an estimated 3,000 Iowans and caused \$15 million damage.

At Prairie du Chien, Wis., Arthur Dover, an official of the Office of Emergency Planning, toured the city by boat and promised prompt emergency assistance. The city's sewerage plant has been pouring raw sewage into the floodtide.

Red Cross officials said the floods destroyed 48 homes and damaged 3,240 in Wisconsin. Three persons have died and

damage is estimated at \$18.7 million.

Trains Rerouted

In Illinois, the flood caused at least as much havoc in East Dubuque as it did in Dubuque across the river. Police said there were 1,000 flood workers in East Dubuque, a town of 2,000. They said 700 residents had been evacuated. Floodwaters completely covered two-story homes at the southern end of town.

Nearly every railroad with routes through the flood area has rerouted its trains. The Milwaukee Road trains from Chicago to Minneapolis are taking a 1,100-mile detour that swings as far as Aberdeen, S.D.

In Minnesota, where 14 have died in the floods, the river subsided a foot and 1,000 evacuees streamed back to their homes. At flood's peak, some 23,000 Minnesotans were homeless. Damage has been estimated at between \$50 and \$60 million.

Would Idle 425,000

The wage policy committee issued a statement accusing the companies of refusing to engage in "realistic" bargaining.

"The companies have adamantly refused to consider any specific economic proposal unless the union would commit itself to a rigid limit of two percent in total cost per year, a limitation which would restrict the union to a wage increase of seven cents per year and no other benefits," the statement said.

Steelworkers now average \$4.40 an hour in wages and benefits.

A strike would idle about 425,000 workers in basic steel. The last steel strike in 1959 lasted a record 116 days.

Rising steel production and profits have put the companies in a good position to grant contract improvements, the union statement said.

St. Patrick's Altar Bombed; Woman Burned

NEW YORK (AP) — A man hurled a fire bomb at the main altar of St. Patrick's Roman Catholic Cathedral Thursday night and less than nine hours later police arrested a 25-year-old drifter.

The man, described as having no professed religion, was identified by police as David L. Malone, a Negro who formerly lived in Houston, Tex. He was charged today with arson, desecrating a church and felonious assault.

Emma Gomez Reyes, 47, of Elmhurst, Queens, suffered serious burns when the bottled-gasoline bomb, known in World War II as a Molotov cocktail, exploded in flames at 6:30 p. m. There were about 100 persons

inside the famed church on Fifth Avenue, between 50th and 51st streets.

A half dozen worshippers including Mrs. Reyes, were kneeling at the marble altar rail.

Suddenly, the man hurled the bomb, fused with a rag stuffed into the neck of a bottle. It exploded at the head of the main aisle, falling 20 feet short of the altar. Damage was confined to the cushioning of the kneeling bench at the rail.

The man, who was in a fourth row-pew, dashed out a side door of the cathedral, with a sexton in pursuit. He left behind a blue hat and a shopping bag containing a second bottle full of flammable liquid.

Other persons quickly went to the aid of Mrs. Reyes, using their coats to beat out the flames enveloping her clothing. She suffered second-degree burns of her feet and third-degree burns of her hands. She was listed in fair condition at St. Clare's Hospital.

Police said 27 persons were arrested — 15 young female performers and 12 club managers and owners.

The crackdown followed increased demands from civic groups and state political leaders for action. Some contended the shows attracted unsavory criminal elements.

The shows have been a fact of life at North Beach since last summer, evoking nationwide attention and provoking controversy in San Francisco and at the capital at Sacramento.

Commerce Office Assistant Quits After Stock Deal

WASHINGTON (AP) — Herbert W. Klotz has resigned as assistant secretary of commerce following his admission that he profited from purchase of Texas Gulf Sulphur Co. stock.

The resignation was announced Thursday by Secretary of Commerce John T. Connor.

Klotz said he knew nothing about the discovery, but bought the stock after a tip from a secretary. By buying an option on 2,000 shares, Klotz said he had a paper profit of about \$14,600 some two weeks after the purchase.

Viet Cong Will Deliver Mail To U.S. Prisoners

WASHINGTON (AP) — The American Red Cross has received word that leaders of the Communist Viet Cong have agreed to deliver mail to American servicemen held prisoner in South Viet Nam, it was learned today.

This would be the first contact with the Americans in Viet Cong hands and might lead to other steps to make their lot easier.

Both the Pentagon and the American Red Cross said they have no knowledge of the condition of the Americans held by the Communist guerrillas.

This may change if regular communication develops.

There is no direct U.S.-Viet Cong link on this matter. It is being handled with the International Red Cross and neutralist Cambodia's Red Cross acting as intermediaries.

Bridges Blown Up In North Viet Nam

SAIGON, South Viet Nam (AP) — About 200 U.S. Air Force and Navy planes destroyed six vital bridges and a river ferry in North Viet Nam today, a U.S. spokesman reported. It was the most destructive operation mounted to date against North Vietnamese transportation lines.

The spokesman said all the planes returned safely. But on the ground four Americans were killed today, and the death of another American Thursday also was announced.

Three of the dead were from the Navy or the Marine Corps, who were killed on the coast about 340 miles north of Saigon. No details were announced, but they were in the water at the time

and possibly were victims of an accidental explosion.

Eighteen Americans have been killed in Viet Nam so far this week, one of the highest losses of any similar period in the Viet Nam war.

The Vietnamese air force said two of its squadrons leveled a "major military position" about six miles southwest of Quang Khe, in North Viet Nam, and destroyed the only ferryboat at Xuan Son, on the Gianh River.

The Vietnamese said the Gianh River ferry had been used to move Communist reinforcements to such southern bases as Dong Hoi. A spokesman said all the Vietnamese planes returned safely.

Several of the bridges hit by the Americans were only moderately damaged by raids early

in the day but were reported destroyed on repeated strikes.

In addition to bombs and rockets, the planes made extensive use of Bullpup guided air-to-ground missiles.

The spokesman said the bridges destroyed were at Phuoc Thien, 120 miles south of Hanoi; Ly Nhan, 110 miles south of Hanoi; two at Pho Son, 150 miles south of Hanoi; Son Phuong, just north of the 17th Parallel, and Xom Gia, 150 miles south of Hanoi.

Air Force planes also struck the ferry at Phu Qui, 90 miles southwest of Hanoi.

Several of the bridges are key spans across wide rivers. The Pho Son bridge was 360 feet long, and the longest section of the Son Phuong bridge was 320 feet.

Sunday Liquor For Wayne Only

LANSING (AP) — The sponsor of the House bill for Sunday liquor sales has decided to ignore the other 82 counties and concentrate on Wayne.

Rep. Edward Michalski, D-Detroit, saw his bill allowing local communities to vote on Sunday by-the-glass sales of liquor defeated 60-39 in the House Thursday.

He served notice, however, that he would move to reconsider the vote by which the bill failed — a parliamentary procedure usually that delays the official burial of a bill that has been killed.

He will amend the bill when it next comes up—May 3 — to apply only to Wayne County, he said.

Klansmen Await Trial In Death Of Detroit Wife

By The Associated Press

Three Ku Klux Klansmen were free on \$10,000 bond each in Birmingham, Ala., today awaiting trial on first-degree murder charges in the ambush death of a Detroit mother who marched for civil rights.

The three said they were innocent and had been subject to almost continuous harassment by telephone calls and letters in recent weeks.

Their attorney, Matt H. Murphy Jr., criticized President Johnson for his remarks in connection with the arrest of klan members. Murphy said he would have to subpoena the President "if I fairly hope to represent these men."

The Lowndes County grand jury returned indictments in Hayneville Thursday naming Eugene Thomas, 42, and William Orville Eaton, 41, both of Bessemer, Ala., and Collier Leroy Wilkins Jr., 21, of Fairfield, Ala.

The indictments charged that each man "unlawfully and with malice aforethought killed Viola Gregg Liuzzo by shooting her with a pistol."

Mrs. Liuzzo, 39, mother of five and the wife of a Teamsters Union official, was shot to death from a passing car as she drove along U.S. 80 near Lowndesboro the night of March 25. The Selma to Montgomery march ended that day.

The 18 members of the grand jury did not mention specific cases investigated. But their written report to Judge T. Werth Thaggard deplored "the actions and statements of the President and others in connection with" Mrs. Liuzzo's death.

The President announced the arrest of four white men on March 26 and said they were members of the klan.

Thomas, Eaton and Wilkins were indicted by a federal grand jury on civil rights charges. Charges were dismissed against the fourth man, Gary Thomas Rowe, 34, of Birmingham. Later he testified before the grand jury.

Rowe was described by the New York Times as a paid undercover agent for the FBI, working inside the klan. Federal officials declined comment.

President Still Turns Off Lights

WASHINGTON (AP) — President Johnson has escalated his White House "turn off the lights" campaign.

Returning to his office Thursday, he reached through the door of the ladies' powder room of the White House press office, snapped off the light and went on his way.

Today's Chuckle

Golf is a lot like taxes — you drive hard to get to the green and then wind up in the hole.

Weather

By The Associated Press

Escanaba and Vicinity — Low-ests temperature last night 33, high Thursday 49. Clearing and cold tonight, low 33. Increasing cloudiness Saturday with more showers late Saturday afternoon, high 52. Sunday outlook cloudy and slightly warmer with showers.

Upper Peninsula — Partly cloudy and cool with local fog tonight, low 28 to 35. Variable cloudiness Saturday, high 40 to 47.

Lower Michigan — Cloudy and little change in temperature Saturday with showers or thundershowers by afternoon, high 56 to 63 south to 48 to 55 north.

The sun sets today at 7:45 p. m., and rises Saturday at 5:47 a. m.

Daylight Time Starts Sunday

By The Associated Press

More than half the American people will have to turn their clocks ahead one hour Sunday to conform with Daylight Saving Time.

The change goes into effect at 2 a. m. (local time).

In 16 states, the change will be statewide. In others, one or more areas of the state will go on DST, while other areas stay on standard time.

Some states remaining on standard time next week will shift to daylight time later in the spring.

Latest reports indicate a slight gain for the Daylight Saving Time advocates, many of whom would like to see the whole country on DST all year — as some sections in Indiana are now.

New to the fold is Colorado, which will turn the clocks Sunday for the first time.

Iowa adopted DST on a statewide basis for the first time this year by legislative action, but will have it only from Memorial Day to Labor Day.

Wisconsin will begin DST as usual Sunday, but by legislative action will have an extra month of it, going back to standard time at the end of October rather than as previously, in late September.

Legislators Take 10-Day Recess

LANSING (AP) — Legislators began a 10-day spring recess today with the fate of their two most controversial actions still undecided, most major business yet to be transacted and only 25 new laws in the books.

Party leaders from each chamber are with Gov. George Romney and Michigan businessmen on a trade promotion tour of Europe. Some legislators will be busy with committee action until general sessions begin again May 3. Others will use the time to relax.

A budget for the coming year, possible fiscal reform and government reorganization all will be on tap when legislators return.

For Romney, there will be decisions to make on senior citizens' property tax relief and workmen's compensation.

Those bills have been the principal accomplishments by the legislature so far, but each faces an uncertain future with the governor.

Republican Romney leans to the recommendations of his own Citizen's Commission on Senior Citizen Relief rather than the plan drafted by Democratic leaders and eventually approved by nearly all GOP legislators.

Estimated cost of the two plans is similar, but the Romney plan includes help for renters. Democrats promise to pass a separate renters' relief bill which could push the estimated total cost of their program to the vicinity of \$20 million.

Romney must take action on the bill by May 3 or see it take effect without his signature.

Democrats at the last minute chopped injured worker benefits in their workmen's compensation program in an effort to

win the governor's approval — but the best they got from Republicans was only some "passes" on final votes.

The bill would increase benefits from the present \$33-\$57 scale up to \$64-\$93. Romney wanted a \$90 top. Democrats had first stood behind a bill with a \$100 maximum.

The governor has already vetoed a Democratic-backed bill to increase from two years to four the time during which a voter could remain inactive without losing his registration.

Democrats say two years is a discriminatorily short period. Republicans say four years can lead to voter fraud.

Without Republican votes, Democrats lack the strength to override the veto. In the works is a compromise bill that would restore the four-year limit but permit local units to invoke a two-year limit if they desire.

Wild Animal Circus Booked

Escanaba's first circus in half a decade is booked for two performances on Wednesday, June 2, says Don Crawford, grand knight of Escanaba Council 640 of the Knights of Columbus, who will sponsor the local showing.

The circus is Sells & Gray Wild Animal circus of Sarasota, Fla. It usually tours through Canada, said Crawford, but this year is being routed through Northern Michigan, Wisconsin and Minnesota. It will be at Manistique on June 1 and here the following day.

The three-ring show, said Crawford, is the fifth largest tent show in the nation. It is a truck show and has a herd of elephants and a hippopotamus and other animals and will offer a parade in Escanaba before its afternoon performance.

The show lot has not been arranged as yet. The circus has no gambling, no rides, one side-show.

The Knights of Columbus will benefit from advance sale of tickets and it will start soon, said Crawford.

Fayette Youth, 18, Fined For Having Illegal Fish

A fine and costs of \$15 was paid in Justice A. J. Mortier's court by Nicholas Dalgord, 18, of Fayette, who pleaded guilty to possession of fish taken illegally. The conservation department arrest was made at 9 p. m. Tuesday in Fairbanks township.

Officers report pike are running, and to help propagate the species they are making a determined effort to curb illegal spearing during the spawning season.

Personals

Margot LeBrasseur left for Milwaukee where she will visit her sister, Michelle, who is a student at Patricia Stevens Career College.

Mr. and Mrs. Richard Sarvey and sons, Dick, Fred and Eddie returned to Chicago after spending the weekend with her parents, Mr. and Mrs. Leo Gardner, Indian Lake.

THE CONTENTS of a carton of medical supplies were inspected Thursday as they were unloaded for stocking at Bishop Noa Home. Included in the cartons were drugs, bandages, surgical instruments, scissors and other medical equipment. Making the inspection were, from left-to-right, Mason Johnson, civil defense director, Sister Bernadine and Ted Gajewski, Bishop Noa administrator. (Daily Press Photo)

Fallout Shelter Supplies Arrive

The first of two shipments of survival supplies was poured into the Civil Defense fallout shelter area at Bishop Noa Home Thursday.

Second truckload of supplies was expected to arrive today.

Mason Johnson, Delta County director of Civil Defense, said 17,301 pounds of food-stuffs, medical supplies, water purification tablets and rations, etc., were placed in Bishop Noa Home. When completely stocked, the home will contain food and supplies to sustain 2,226 persons for a two-week period.

Johnson said that all nine floors of the building have received federal approval as fallout shelter areas in event of a nuclear attack.

The stocking of the building is part of a county-wide program which eventually will

Chips And Splinters

Contributions To Chips Welcomed

Austin Stromberg writes from Pompano Beach, Fla. that one of the first things he misses when he comes to Florida each year is his old home town paper, the Escanaba Daily Press.

"So I promptly have my subscription changed from Evanston, Ill., to Pompano Beach," he says, "so that I may keep up with the local home town news. Our mailbox here is labeled, 'The Strombergs' and there are five of this tribe of 'snowbirds' hibernating here, all avid readers of the Press."

"But this is just a start. We have an Escanaba colony in the neighborhood that numbers nearly a dozen, and when the day's edition arrives, the issue becomes well-worn before it completes the circuit of readers, all expatriates of the Escanaba area. The old home town paper is truly a blessing, and its fascination for old timers away from familiar scenes is pretty well set forth in lines written by H. K. Harris, which appeared in Wallie Nelsen's column in the Fort Lauderdale News:

We never know how much the hometown paper means 'Til we have wandered from old familiar scenes; And then it's just as welcome as a letter from a friend To read it through from front to back, beginning to end ... Thank heaven for the Escanaba Daily Press. We enjoy it immensely. When you are 1,500 miles away from the old home town, it keeps you informed as to what's going on in your own bailiwick.

In Service

Army PFC Richard A. Cogger, son of Mr. and Mrs. Paul W. Cogger, Gulliver, has completed three weeks of intensive field training exercises near Wildflecken, Germany. The 20-year-old soldier, a truck driver in Headquarters Co. of the 18th Infantry's 4th Battalion near Berlin, entered the Army in December 1962.

★ ★ ★

Army PFC Paul A. Hill, son of Mr. and Mrs. William E. Hill, Rte. 1, Cooks, took part in Exercise March Hare II, a major field training exercise conducted by the 4th Infantry Division at Fort Lewis, Wash., this month. The 24-year-old soldier, a driver in Headquarters Co., 3d Battalion in the division's 8th Infantry at Fort Lewis, entered the Army in October 1963.

★ ★ ★

Army Specialist 4 George P. Hokenson, son of Mrs. Doris E. Haig, Curtis, has completed three weeks of intensive field training exercises near Wildflecken, Germany. The 18-year-old soldier, a machinegunner in Co. A of the 18th Infantry's 4th Battalion near Berlin, entered the Army in November 1963.

Briefly Told

Northeastern Wisconsin Chapter of American Institute of Industrial Engineers, will hold its first meeting in Upper Michigan Wednesday, April 28, at the Eagle's Nest Supper Club, Menominee. Robert Burke, manager of Lake States woodland operations and chief forester, Marathon Operations of American Can Co. will speak on "Woodlands Operations and the Engineer" following a 6:30 p. m. dinner. An added feature will be a tour of the Anslu Chemical Co. plant at Marinette starting at 4:30 p. m. Members and guests are invited to travel on a chartered bus which will leave Appleton at 1:30 p. m. and Green Bay at 2:15 p. m.

NMU To Honor Walker Cisler

MARQUETTE — Northern Michigan University will confer the honorary degree of Doctor of Laws upon Walker L. Cisler, chairman of the board and chief executive officer of Detroit Edison Co., during commencement ceremonies June 6.

Cisler is an international leader in power and energy. In addition to serving his own country during peace and war, he has assisted nations in all parts of the world develop power and energy requirements. He is known from Japan to the Congo and has been honored by the governments of Austria, Belgium, Finland, France, West Germany, Great Britain, Greece, Italy, Japan, and the Netherlands.

The United States has conferred upon him the Bronze Star, the Legion of Merit, and the Special Civilian Award for Meritorious Services in World War II.

Under his leadership, Detroit Edison has become one of the largest investor-owned electric companies in the nation.

Cisler is an outstanding civic leader in Detroit and a distinguished citizen of Michigan. Active in significant efforts to strengthen the economy of the chairman of Operation Action-U. P. with Dr. Edgar L. Hardin, president of Northern.

A graduate of Cornell University, he joined Detroit Edison in 1943 as chief engineer of power plants.

Streams High In Hermansville Area

HERMANVILLE — Extremely high waters will dampen the opening of the trout season Saturday, reports Gerald Welling, conservation officer.

The Vega, Camp Two Creek, and the West Branch of the Cedar River in the Hermansville area and the Big Cedar, Wilson and 47 Creek in the north county area all are reported at high water stages. Due to the high waters some of the streams will be impossible to fish the opening day.

Hermansville Lake is still ice-covered but should be open for fishing within a week.

Welling reported that northern pike fishing is not permitted until May 15. This is to protect the pike while they are spawning.

Obituary

RICHARD M. OLSON

Funeral services for Richard M. Olson were held Thursday at 1:30 p. m. at Trinity Lutheran Church, Stonington, with Pastor George Olson officiating. Burial was in Lakewood Cemetery. Pallbearers were Arvo Erickson, Iver Granskog, Mayner and George Jacobson, Art Sundstrom and Clifford Thorson.

ANTONE WOJCIWICZ

Services for Antone Wojciwicz of Wilson were held at 10 a. m. today at the Boyle Funeral Chapel, Bark River, with Father Thomas P. Dunleavy, pastor of St. George Church, officiating. Burial was in Bark River Cemetery. Pallbearers were George and Theodore Willa, David Harris Jr. and James Harris, Ivan Hammerberg Jr. and Kenneth Hammerberg.

Perkins

Birth

Mr. and Mrs. Jule Demeuse have received word of the birth of a daughter to Mr. and Mrs. Richard Demeuse of Brighton. The infant, Brenda May, was born April 16 and weighed 8 pounds and 9 ounces. The mother is the former Patsy Dhont.

Rummage Sale

The women of St. Joseph's parish will hold a rummage sale Tuesday, April 27, from 10 a. m. to 4 p. m. in the church hall. Coffee and doughnuts will be served throughout the day.

Mr. and Mrs. Robert LaChance and family of Rockford, Ill., were Easter weekend guests at the home of Mr. and Mrs. Lawrence LaChance.

Mr. and Mrs. William Collins Jr., Milwaukee, spent the weekend with the senior William Collins family.

Monica Jodocy of Garden City spent the Easter holiday with her parents, Mr. and Mrs. Peter Jodocy.

PTA Meeting

The final PTA meeting of the school year will be held Monday, April 26, at 8 p. m. at Perkins School.

Smorgasbord

A smorgasbord for the benefit of Perkins senior class will be served Sunday, April 25, from 11:30 a. m. to 4 p. m. at Perkins High School. The public is invited.

Miss Margaret Peterson of Birmingham is spending a week visiting her mother, Mrs. Agnes Peterson.

MARVIN JOHNSON of Gladstone, president of the Escanaba SPEBSQSA Chapter, presents a film strip projector-record player unit to Miss Leone Dougherty, speech pathologist, at a meeting of the barbershop singers in Carpenters Hall Thursday night. The device will be used by Miss Dougherty in speech correction work in Delta County schools. The gift from the singers is part of their community program which has a slogan "we sing that they may speak". (Daily Press Photo)

U.P. May Get Role In State Muskie Project

Clifford Long, fish biologist of the Escanaba District of the Michigan Conservation Department, conferred at the Department's Thompson Hatchery Thursday on its resources for a muskellunge rearing project.

"Michigan is definitely in a muskie rearing program," said Long "and we're hopeful that we can anchor an important part of it in the Upper Peninsula."

Wisconsin has for years stressed fishing for this king of northern game fishes, but the Michigan Conservation Department has not been importantly involved in a muskie program.

Long conferred with Martin Miller, hatchery superintendent, and Kenneth Christensen, habitat biologist of the Marquette office of the Conservation Department, Marquette, at Thompson. They found 30 acres available for the project's ponds and this should be sufficient, it was believed, but the adequacy of the water supply must still be determined.

The findings will go to Glenn Gregg, manager of the U. P. Region of the Conservation Department.

For years the Michigan Conservation Department has obtained muskie spawn from fish in Michigan border area lakes in Wisconsin and tried hatcheries in Lower Peninsula hatcheries. What's sought by Michigan now is a hatchery much closer to the Wisconsin source of spawn.

If the fish can't be brought closer to the Michigan hatchery, said Long, the hatchery will be brought closer to the fish.

Muskellunge are found in Michigan in Lake St. Clair and more rarely in other waters of the Great Lakes, but none have been recorded in the Bays de Noc, said Long, although these waters are believed by fish biologists to be suitable habitat for the big pike. They are found in the Tahquamenon River and in Brevort Lake in the Upper Peninsula.

The current project aims to establish a hatchery source of the fish for planting in more Upper Peninsula waters, with the Great Lakes under consideration as well as inland waters.

Long worked as a private consultant on a muskie planting project on Clear Lake in Marquette County. Some of the

Singers Donate Aid To Speech

Barbershop singers of the Escanaba-Gladstone area last night presented a film strip projector with synchronized record player to the Delta County schools for use in the training of students with speech handicaps. The presentation was made by Marvin Johnson of Gladstone, president of the Escanaba SPEBSQSA Chapter, and was accepted by Miss Leone Dougherty, speech pathologist, who is conducting speech correction work in Escanaba and Gladstone.

The gift is an item in the barbershop singers' program dedicated to aiding young people with speech handicaps, and the funds come from annual fall programs featuring top quartets and the Bay de Noc barbershop chorus. The concert this year will be Oct. 9, and the local committee has already signed up talent for the event. Song rehearsals of the chorus are under the direction of Paul Cowen, music director in the Gladstone schools.

Alpena Expands Water System

ALPENA (AP) — The Les Jones Construction Co. here was named low bidder Thursday for the general construction contract on Alpena's \$750,000 water improvement project. The low bid was \$569,000. City officials said work will begin in 30 days and will take 18 months to complete. They said it will double the city's water capacity.

Nets Lost In Ice Movement

The ice movement of Monday, April 12, out of Little Bay de Noc carried off two pound nets with a replacement value of \$3,000 each.

Curtis Dahm, Escanaba commercial fisherman who owned one of the nets, had it set off his fishery on Lake Shore Drive for smelt. He was hauling fish to Green Bay when the icefield moved and when he returned he went to Breezy Point with binoculars and saw the ice moving past with his buoy flapping a signal of disaster.

He got the Coast Guard cutter Mesquite to give him a ride out through the icefield to his

net. He got on the ice and attached a marker buoy to the net and let it fall to the bottom at a site 10 miles south of Portage Point.

Dahm plans to go back to the site and fish up the net when the ice leaves. He can't look for it now because of the moving ice floes. They prevented him from lifting his nets set for whitefish off Portage this morning.

The nets are 80 foot pound nets and Dahm says his has been damaged seriously by being dragged from its setting, with the heart and part of the lead gone and the pot in an undetermined condition.

The other net set solidly in the ice was owned by John Rouleau of Flat Rock, and a third net, set to trip and fall to the bottom for safety when the ice moved was owned by Ole Williams of Wells.

New White House Garden Dedicated To Mrs. Kennedy

WASHINGTON (AP) — A White House garden she planned was dedicated Thursday to former First Lady Jacqueline Kennedy.

Mrs. Kennedy wasn't present, but members of her family, including her mother, Mrs. Hugh D. Auchincloss, and those who worked with her on White House projects, listened as her successor, Mrs. Lyndon B. Johnson, said:

"This garden, every detail of it, reflects the unflinching taste of the gifted and gracious Jacqueline Kennedy. For generations to come the garden will add to the pleasure of those who occupy this home and the thousands of Americans who pass by it on a visit to the White House."

TV Translator Service Permit Here Is Sought

Upper Peninsula TV Systems, Inc., of Iron Mountain today published the first of a series of legal notices in the Escanaba Daily Press to implement its application to the Federal Communications Commission for authority to construct a television broadcasting station in the Escanaba-Gladstone area.

The company has such a system in the Iron Mountain-Kingsford area, says President Richard E. Abraham, who is the owner of the J&R Radio &

TV Co. at Iron Mountain. The J&R firm has been operating for 12 years and U. P. TV Systems has been operating at Iron Mountain since 1961 and now has 1170 customers for its translator station, said Abraham.

Iron Mountain, like Escanaba-Gladstone, has a cable television service. The proposed new broadcast translator service would be in competition with the cable service. It would ask payment to it at the rate of about \$10 a year, by TV set owners for its service in boosting the strength of TV signals bearing network programs so that they could be picked up locally by individual aerial antennas, or even "rabbit ear" antennas atop the sets.

Abraham said that the translator station (amplifier) would be on a 230 foot tower to be constructed on the Gladstone Bluff on land already acquired. He said that the equipment would rebroadcast a Class A signal for 14 miles, so that it would bring a strong signal to all of Delta County's 8,600 sets within that range, including Rapid River, Kipling, Gladstone, Escanaba, Bark River and Ford River and intermediate areas.

The firm proposes to offer by very high frequency transmission the program of NBC Channel 5 on Channel 9; of CBS Channel 6 on Channel 13, and of ABC Channel 11 on Channel 7 with transmitter outputs of one watt and effective radiated power of 12.2 watts maximum.

Abraham said that his firm expects to start construction within 60 days unless its application is opposed.

The firm recently installed a TV broadcast translator for Republic Township, Marquette County, which can receive only Channel 6 without aid. The new public service there offers Channel 5 now and will add Channel 11 later.

Abraham said support of the translator was voluntary but that experience shows it is substantial and commercially feasible.

Uecke Leaving 1st National For Fort Dodge Job

The board of directors of the First National Bank of Escanaba has accepted the resignation of Earl W. Uecke as vice president, it announced today.

Uecke, loan officer of the bank, came to the First National from the First American State Bank of Wausau, Wis., Sept. 16, 1963. He is a native of Eau Claire, Wis.

Uecke resigned to accept a position as vice president of the First National Bank of Fort Dodge, Iowa.

He lives at 606 Ogden Ave., with his wife Ruth and four children. He will leave April 30 for Fort Dodge and the family will follow him after the children finish the school year. He is a member of the Escanaba Rotary Club.

Railway Strike Put Off In Italy

ROME (AP) — Plans for another nationwide railway strike Monday and Tuesday have been put off by Italy's three railway unions to give Premier Aldo Moro time to study their grievances.

Moro, on a state visit to the United States, is due back Saturday.

A nationwide one-day rail strike was held April 14.

Union's Gift To Aid High School

A venerable but still useful Peerless printing press that served the Delta Printing Co. of R. W. Coolman at 612 Ludington St. for many years is going to have a second lease on active life.

When Mr. Coolman closed

Airport Riders Told Of Peril

Jon Thorin, manager of the Escanaba Airport, dreads spring and it is back again with its old problems.

Children are riding their bicycles on the runways at the airport and riders are exercising their horses on the air field.

Both practices are very dangerous, says Thorin, imperiling not only planes which are taking off or landing, but also the persons who are trespassing on the air field.

The deer — Thorin saw the first one of spring cross a runway Wednesday — present a problem about which the airport management can't do much except appeal to the Conservation Department. The deer create a hazard for planes and their passengers, but the deer are expendable where they can't be protected in a way that children riding bicycles aren't, says Thorin.

He asks all riders, or bicyclists or horses, to stay off the airport. A private flier this week waved four boys on bicycles off a runway before taxiing in. When Thorin remonstrated the flier was appreciative, but embarrassed.

"Two of them are mine," he said.

Garden Peninsula

Mr. and Mrs. Leslie Shalbert of Monroe, Wis., visited at the Walter Kreshefski home several days.

Raymond Winter of Bay de Noc Community College, Escanaba, is spending the holiday vacation with his parents, Mr. and Mrs. William Winter.

Barbara Swaer is visiting her grandmother, Mrs. Nellie Swaer at Pensaukee, Wis.

Mrs. Pearl Ward and Mrs. Irene LaPine of Escanaba, were guests of Mrs. William Winter Tuesday.

Mrs. Jack Halvorson, Mrs. Richard Hermes and Mrs. Lee Killoran visited Monday at the home of Mrs. Hazel Bonifas in Gladstone.

his print shop and retired nearly a decade ago the Escanaba Daily Press acquired the press and stored it in the basement of its building at 600-602 Ludington St.

Recently the Press gave the press to Local 278 of the International Typographical Union, which gave it to William McGovern, industrial arts teacher at Rapid River High School. McGovern plans the development of a print shop as a part of the school's industrial arts plant and the press will be a key item in its equipment. It is electrically powered and fully useful for letter press printing. The press is more than a half century old.

Deserters Fight Laos Government

VIENTIANE, LAOS (AP) — Laotian government forces skirmished Thursday with units of the several hundred army deserters loyal to ousted Gen. Phoumi Nosavan. It was their first contact with the rebels.

Authorities here reported the desertion was caused by false rumors that several officers known to have been loyal to Phoumi would soon be arrested.

Never has so little done so much

Did you know the world's most beautiful fashion models do not have perfect figures? So don't waste a sec wishing you were born perfect. Thank your lucky stars that now you can get much closer to perfection than you ever dreamed, and in perfect comfort. When? Today.

How? With Sheer-Shape, the revolutionary Kodel® padded bra by Gossard. This weightless little bra picks you up where nature let you down, gives you the exact degree of lift you need, does such a magnificent filling-and-molding job, it even makes your waistline look inches smaller. That's what sparks your fashions with a brand new zing.

Best of all, the Kodel® padding cannot shift or mat even if you machine-wash it every day. The entire bra drips dry simultaneously and speedily.

There's a perfect Gossard Sheer-Shape waiting to make you beautiful. In our Second Floor Foundation Department. Come along.

Phony Federal Aid

Where is America going with its current huge splurge of spending on new government services? We got our income tax so high to pay for ways services that it had to be reduced to encourage the economy.

And yet we're embarked on the very same course now with the Social Security tax, jacking it up to pay for Medicare.

Where is the money to come from to pay for all the new federal government programs—warring on poverty, caring for the hospital bills of the elderly, helping the big cities with their transportation and renewal problems, filling Appalachia with highways—doing all the other things Mr. Johnson is proposing to do?

It is coming from the big cities, of course. That's where the big money is. They provide the taxes that support the federal government.

But they have been saying for some time now that they lack the means to do all the things that the social planners say they need. So where are they going to get the money? From the federal government. And where is it going to get it? From the cities, of course.

This seeming rat maze is not really mysterious. What we are observing is a technique of government. The cities will not tax themselves for the services and facilities which the federal government is now proposing to provide for them. They would regard the tax bill as exorbitant if they had to pay it.

But they are so susceptible to self-delusion that they'll put up seed money to get the federal government to pay for their projects. The local people are paying for the federal services, of course, but through Washington, and by a process which never asks them to vote on the project; which gives them no chance to veto it.

Former New Deal economist Raymond Moley writes in Newsweek that "the greatest of the arguments against the programs of the Great Society of President Johnson as well as the earlier ones is not so much that they are bad. It is that they are puny contributions to the situations they are claimed to correct. Even a few billions contributed to education and medical care are minor contributions. The general cost of such activities is many, many times that amount. The demands for these services are growing faster than any possible increase in U.S. help. And U.S. help with inflationary deficit money compounds the problems by raising prices."

"Since the money for these programs is borrowed money, the Johnson Administration faces the peril of destroying the prestige of the dollar internationally. There is a limit to what Congress can do to keep up with the Johnsonian vision. Our neighbors in Europe keep a sharp eye on our budget and they have great weapons which we cannot afford to have them use in international money affairs."

"Even if the U.S. Government makes such great contributions as are now contemplated, the money problems of the states and communities still will face these governments. For in political life wants grow by what they feed upon."

Mayor Jerome Cavanagh of Detroit has acquired national notice for his ability to bring home money from Washington to pay for programs in Detroit.

Cavanagh got so much attention from the National League of Cities and other organizations that he felt constrained to report that he had snagged "only" \$61.6 million in federal money for Detroit. Democrat Cavanagh said he resented any suggestion that he relies heavily on the federal government and that it provides only a little more than 5 per cent of Detroit's tax-supported budget of \$278 million.

"Sooner or later," suggested the Detroit Free Press editorially, "the point is reached where the municipality cannot maintain its services without more and more federal help. At that point independence, citizen control and a good deal of home rule are done for."

"It becomes a case of going to Washington hat in hand or going broke. And a turn of the political wheel can easily come when Washington won't particularly care whether this or any municipality goes broke. How far this dangerous distortion of local government can go was illustrated when Mayor Cavanagh asked Michigan's congressmen to look for places to cut the defense budget so that more money might be available for spending on the cities. What happens when endless calls for federal money are answered was borne out April 15." (Federal income tax payment day.)

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

INTEGRITY

Thoughtful people reading the article in The Daily Press and hearing the editorial on WDBC about the little girl, Lois, who was represented in the Milwaukee Sentinel as an example of Escanaba poverty, must wonder whether integrity is a virtue required of some and not of others.

An individual or a business that uses a staged and technically false situation to further its goals is apt to be indicted by the government and prosecuted. A recent example is the nationally known shaving cream manufacturer who has been indicted by the government for staging television ads ostensibly shaving sandpaper. The government claims that what appeared on television was not sandpaper but plexiglas with sand glued to it. The company admits this is true but says that their shaving cream really will shave sandpaper but it doesn't show well on television. The government holds that the example is staged and technically false; and, therefore, the company is guilty and ought to be punished.

In a democratic society, the rules ought to apply equally to 1967.

all including agencies of the government. The alternative is a society where the end justifies the means, and bureaucrats decide which ends are just. This is the way it is done in Russia.

State Briefs

EAST LANSING (AP) — The 11th annual National Institute on Police and Community Relations is expected to bring some 120 policemen and community leaders from across the nation to East Lansing May 16-21.

CHATTANOOGA, Tenn. (AP) — Dow Chemical Co. of Midland, Mich., has been awarded a \$106,056 contract for chemicals to control brush under transmission lines, the Tennessee Valley Authority announced.

WASHINGTON (AP) — Secretary of Commerce John T. Connor Wednesday appointed W. Parker Arthur of Superior Studs Inc., Newberry, Mich., to represent the Northern Hardwood and Lumber Standards Committee on the 23-member American Lumber Standards Committee and technical inspection. The group provides grademarking and inspection. In a democratic society, the rules ought to apply equally to 1967.

Will the Meeting Come to Order?

Negroes Warned

By BRUCE BLOSSAT

WASHINGTON — (NEA) — The Negro's aspirations for a better, freer life evidently are warmly supported today with a deep spirit of good will by many white Americans whose consciences have been stirred by the dramatic protests of recent years.

At the same time, a good proportion of these people are earnestly troubled at what they believe to be signs of excess in the Negro's vigorous protest movement.

These are the chief conclusions to be drawn from the substantial mail response this reporter received in the wake of recent columns which stressed these points:

1. In the Negro stirrings, as in all major upheavals, there is indeed danger of excess.
2. The devices of protest, highly useful up to a point, are no substitute for the slow, complex, unremitting labors essential to accomplish the vast "make-over" required in society to assure Negroes the better schooling, housing and jobs they need.

To many who wrote in, though far from all, this kind of comment had a very fair ring. Often it was described as "common sense," "sane," or "down to earth." Typical in this category was this letter from an Alabamian:

"I am trusting that since you aren't a southerner or a segregationist, this article (of yours) will carry weight and help bring some sanity into this very explosive situation."

The blend of warm support for Negro aims and concern over extremes of protest shows in many letters.

Writes a woman from Pensacola, Fla.:

"I have known for many years that the colored people needed a better chance. They needed someone to help them. Their cause had to be PUSHED. Otherwise it would die."

"But—and I said it over and over—if pushed too hard and too fast, look out! You're in for it. And it's happened, worse than I anticipated."

Another woman, from Alabama, writes:

"You can do us all a great service by just printing the truth for all of us to live by."

Questions And Answers

Q—By who was the construction of Grant's Tomb in New York City financed?

A—It was paid for by popular subscription and was dedicated by President McKinley.

Q—Do all birds let their feet trail behind when they fly?

A—Passerine birds fly with their toes brought forward.

Q—How long is a day on Saturn?

A—Saturn rotates on its axis in 10 hours, 38 minutes.

Q—Who owns the 200-inch telescope?

A—Palomar Observatory and its 200-inch telescope are owned by the California Institute of Technology.

Q—How much is a board foot?

A—A square board one foot on each side and one inch thick. The term is used only in North America.

Q—What 20th century artist painted a picture called "Blue Woman"?

A—Pablo Picasso.

not just one class or color . . .

"Thank you for speaking out and listing some problems for both sides to consider to get along in this world."

A doctor in New York City speaks in much the same vein: "You have served not only the Negro but those who feel, too, that there must be moderation in all progress, if such progress is to prove viable and permanent."

The themes running through these and other letters, then, are the need for balance, for some sense of order and regard for law even in times of stress and change, for recognition that a nation whose patterns—good and bad—have been decades or longer in the making will not be made over while the echoes of "freedom now" are still reverberating.

Some Negroes who wrote in were understandably impatient of these themes. In their minds, to raise the specter of excess, or to suggest that in important fields society may move like a stubborn glacier rather than a gushing stream, is to define oneself as the enemy.

But the letter writers who bespeak these themes are clearly not the Negroes' enemies. They—and the countless others who most certainly share their views but remain silent—represent a reservoir of great good will that the Negroes need to call upon at every stage of their hard struggle for betterment.

President Charles de Gaulle told a Washington news conference he saw no hope of solving the Berlin and German problems at a summit conference. One year ago — Fugitive financier Lowell Bierrell returned to the United States from Brazil to face charges of stock fraud and income tax evasion.

The Doctor Says:

Writer's Cramp Analyzed

By Dr. Wayne G. Brandstadt

Q—Is there such a thing as writer's cramp? I have been bothered for some time with my hand tightening up so that I am hardly able to write. Since I am an accountant this slows my work. Can anything be done for this?

A—Any procedure that requires constant repetition of the same movements may in time become difficult to perform. The more delicate movements (the use of the smaller rather than the larger muscles) coupled with mental concentration aggravate this tendency. That is why writer's cramp is more common than runner's cramp. Piano players, violin players, typists and seamstresses often get a similar form of cramp.

The Palmer method of writing which made penmanship depend on shoulder movements rather than finger movements was designed to prevent writer's cramp but it must be learned in childhood. It would be pretty hard for you to break the habits of a lifetime and change your way of writing but it might be worth a try. At the first sign of cramping you should lay your pen down and do some exercises or massage your hand vigorously. Try to be more relaxed in your work—you might even take a tranquilizer for a few days. You might also practice writing with your left hand if you are right-handed.

Q—I have been drinking prune juice before breakfast every day for a year. Will this cause any harm?

A—Prune juice is mildly laxative. Too much laxative effect from this plus other elements in your diet would be undesirable. On the other hand stewed prunes would furnish you with more bulk or roughage and would thus give you more

Q—My hair is white. Would shots of vitamin B-12 cause it to turn dark again?

A—This has been tried but without success. No vitamin or other preparation can be counted on to restore lost pigment to your hair. If this is important to you, dyeing is the best solution.

Q—Is it harmful to drink raw carrot juice or any other raw vegetable juice daily? What benefits are to be expected?

A—Any vegetable juice would be harmful to a person who was allergic to it. Allergy aside, vegetable juices are a good source of vitamins and minerals. They are especially valuable in the diet of persons who, because of an irritable bowel, cannot eat raw or cooked vegetables.

Q—A network president scolds television for being stuck in a rut that is "nice, easy and conservative." "And he might have added," says the Old Cynic, "fabulously profitable."

Wouldn't it be nice if, in the spring, a young man's fancy turned to thoughts?

In Illinois, a Catholic hospital has installed motor scooters for use in the corridors by doctors, nurses and nuns. Riders are prohibited from picking up hitchhikers.

One of Columbia University's favorite classes teaches bartending. We assume besides drinking, the students learn the essential art of listening politely to bores.

Car Insurance Rates Going Up

DETROIT (AP) — The Automobile Club of Michigan announced that it will increase insurance rates an average of 14.6 per cent for some 570,000 policyholders, effective May 1.

The Auto Club's insurance exchange is the largest auto insurer in Michigan, covering about one-fourth of the state's drivers.

Need for the increase was blamed on rising accident costs by Paul Erickson, exchange general manager.

Deaths Increase
"We have done everything possible to avert an increase," he said. "Accident costs keep rising, and the injury rate in Michigan climbed 14 per cent last year, along with a 13 per cent death increase."

"Even if the accident increase stops — and we see no sign that it will — further increases in auto insurance rates may be necessary to keep up with increasing costs."

The Auto Club's rates boost is only one of several in the state recently.

State Insurance Commissioner Allen Mayerson has approved premium increases for 75 other companies since Jan. 1.

Auto Club officials predicted every other company will have raised Michigan rates by the end of the year.

Erickson said that during 1964, the auto club paid out \$1.12 for every dollar it took in to settle claims and operate the business.

Youth Rate Highest
He contended that even with the current round of increases motorists in Michigan pay less than almost anywhere else in the United States.

Erickson said a basic package of coverage for a popular-priced car on the most common risk classifications costs \$152 in Detroit, \$175 in Chicago, \$186 in Baltimore, \$236 in Newark, N.J., \$248 in San Francisco, \$252 in Philadelphia, and \$321 in New York City.

Depending on marital status, use of car and age of the driver, the Auto Club's rate increase will affect drivers in different ways. Highest rates will be assigned to a single male 16 to 20 years old who owns or is the principal driver of a car.

BAD BUG

The chinch bug, a destructive insect native to North America, has damaged farm crops to the extent of millions of dollars. In 1934, before a Federal program was inaugurated, it destroyed \$55 million worth of crops in the United States alone, according to the Encyclopaedia Britannica.

Ann Landers

Pussy Is Fussy About Her Milk

Dear Ann Landers: We have five shoe-tearing, milk-drinking children who keep us busy and broke. We buy a gallon of milk every day, which is just about right for our family.

I have a relative who comes by the house about three times a week. She is a widow and was close to my mother, so I feel an obligation to be kind to her. Aunt Nellie has a Persian cat whose name is Francesca. Wherever Aunt Nellie goes, Francesca goes, too.

The first thing Aunt Nellie does when she comes to our house is go to the refrigerator and pour half a quart of milk into a bowl for Francesca. Usually the cat drinks about one-third of the milk and leaves the rest. It kills me to pour milk down the drain when my own kids could be drinking it.

Yesterday Francesca put her nose in the milk, turned away and left all of it. Aunt Nellie said, "The milk is probably sour. Puss is very fussy."

I am still boiling. Any suggestions? — THE CAT'S MEOW

Dear Me-ow: When Aunt Nellie comes to call, beat her to the refrigerator. Pour a small quantity of milk into a bowl — about 1/4 of what she pours. This should satisfy both Aunt Nellie and Francesca. It should also reduce your irritation.

Dear Ann Landers: I am a mother trying to raise four children to be decent, self-respecting citizens. The boys are 10 and 12 years of age.

What can be done about sexy commercials? Where will it all end? Do personal garments such as girdles and brassieres belong on TV? And what about some of those tasteless commercials for medicine?

The commercial for a tension-reducing pill shows a woman in bed wearing a lace nightgown and a transparent negligee.

A girl who does a beer commercial wears a sweater that plunges to her navel. Another girl who advertises a shampoo bends over backwards so the camera can get an unusual angle of her lustrous hair. She doesn't have anything on under her blouse. Is this necessary?

Must we allow this trash to invade our homes? There is much good material on TV and I'd hate to throw out the set altogether. What can be done? — IRATE MOTHER

HOWCUM? IN A BUSINESS OFFICE THE SO-CALLED PEN PUSHERS NEVER SEEM TO HAVE A PEN . . .

By Jimmy Hatlo

THEN AN UNLIKELY SOURCE COMES TO THE RESCUE—THE JANITOR CARRIES FOUR OR FIVE ALL THE TIME . . .

All Lawmakers Not Typical

WASHINGTON (AP) — The typical congressman is a lawyer, a veteran, and has had previous government service. But there are some mighty untypical ones, too.

The House of the 89th Congress, for instance, boasts three funeral directors, two submarine commanders, five ex-FBI agents, a television producer and a onetime female vocalist for Don McNeill's radio "Breakfast Club."

And at long last the House has a bona fide scientist, Rep. Weston E. Vivian, D-Mich., a physicist.

These facts are gleaned from biographical sketches furnished by the House members and just published in the new edition of the Congressional Directory, a thick blue book that is the almanac of Capitol Hill.

Only Four Words

The members can tell as much or as little about themselves as they desire, and both extremes are represented in the directory. Rep. Eugene J. Keogh, D-N.Y., said it in four words: "Elected consecutively since 1936."

Others dwell at length on their backgrounds. Rep. Barratt O'Hara, D-Ill., has the longest biography — 44½ lines. But, then, O'Hara, at 82 the oldest member of the House, has crammed a dozen careers into his lifetime and probably needed the extra footage.

There is no pattern to the kind of information the members think important enough to include. Rep. Chet Holifield, D-Calif., mentions the fact he has 14 grandchildren. Rep. Joe D. Waggoner Jr., D-La., proclaims he comes from Anglo-Saxon stock. And Rep. William Jennings Bryan Dorn, D-S.C., in contrast to the many who note they entered the Army as privates and emerged as high-ranking officers, discloses he began as a private and was discharged 3½ years later as a corporal.

Lawyers Total 239

Here are some of the statistics that turned up:

Of those who indicated their religion, and many did not, 38 were Roman Catholic, 35 Methodist, 30 Episcopal, 26 Baptist, 25 Presbyterian, 11 Jewish, 9 Christian Church, 6 Lutheran, 6 Mormon, 5 Congregationalist, 4 Unitarian, 3 Evangelical. In addition there were 14 who indicated they were Protestant without specifying a denomination.

Lawyers dominate the professions represented, with 239 out of the 434-member House. Some kind of previous governmental experience, often in city or county government, was listed by 343 members. Of these, 27 were judges. Three House members are ex-governors, and two are ex-senators.

Most are college graduates, but 63 list no college degree.

State Briefs

ST. JOSEPH (AP)—Finals in toastmasters International state speech contest will be held here Saturday in connection with the group's annual meeting. Also on the agenda are election of state officers for Toastmasters International and presentation of the "Club of the Year" award.

CENTREVILLE (AP) — St. Joseph County votes June 14 on a three-part proposal for the establishment of a community college district. The ballot asks a decision on establishment of the college, a levy of 1.5 mills to operate it and selection of a six-member board of trustees.

MIDLAND (AP)—The Gideons of Michigan, a Bible-placing society, will meet today through Saturday at Northwood Institute here.

LANSING (AP) — The board of trustees of Lansing Community College passed a resolution Wednesday calling for establishment of a new campus on a 50-acre site in downtown Lansing. It said the new campus would be used in conjunction with the present school facility.

Cub Pack Will Meet Saturday

Cub Scout Pack 471, under the direction of Floyd Swift, Cubmaster, will hold their monthly Pack meeting at the High School gym Saturday, May 22, at 8 p. m.

Mrs. David Nivison's Den 7 will be in charge of the opening ceremony and skits will be presented by Mrs. James Grace's Den 3, Mrs. Clifford Mineau's Den 6, Mrs. Willard Young's Den 15 and Gene Kee's Webelos den.

The annual appreciation dinner will be held at the John Lemmer School in Escanaba May 8 at 6:30 p. m. and reservations should be made with Mrs. Werner Isaacson at GA-5221.

The closing activity of the Cub Scout year will be an outing for all Cub Scouts and their families on Saturday, June 5. The group will drive to the Thompson Fish Hatchery in the morning and on to Indian Lake for a picnic.

Fund Proposed On Airport Aid

LANSING (AP) — The Senate Appropriations Committee proposed Thursday a \$1.17 million airport assistance bill which exceeds Gov. George Romney's general fund recommendations by \$172,460.

Sen. Garland Lane, D-Flint, chairman, said an extra \$130,000 discovered in the State Aeronautics Fund would also be used for airport assistance to local units of government. Local units use the money to match federal funds.

The aid proposed to specific units:

Alma, \$122,000; Battle Creek, \$10,500; Benton Harbor-St. Joseph, \$102,750; Cadillac, \$34,500; Caro, \$4,500; Detroit Metro, \$186,875; Detroit City, \$75,000; Flint, \$121,250; Freeland-Tri City, \$154,375; Fremont, \$50,000; Gaylord, \$67,500; Grand Rapids, \$17,500; Hancock-Houghton, \$8,750; Harbor Springs, \$19,300; Hillsdale, \$10,575; Houghton Lake, \$24,500; Ironwood, \$12,650; Jackson, \$9,157; Kalamazoo, \$14,687; Lansing, \$100,000; Ludington, \$5,259; Marquette, \$7,900; Marshall, \$12,250; Newberry, \$28,000; Ontonagon, \$22,500; Port Huron, \$26,190.

Churches Join In Conference

A Missionary Conference with the Covenant Church of Escanaba is scheduled at the Evangelical Covenant Church, Gladstone, April 24-25. The Rev. Worth Pearson, missionary to Formosa, under the World Missions Department of the Evangelical Covenant Church of America, will be the guest speaker.

The Conference will begin on Saturday evening with a missionary dinner at 6:30 p. m. The dinner will be prepared by the Covenant Women's Auxiliary under the leadership of Mrs. Harold Nelson, chairman of the Auxiliary, and Miss Linda Swenson, chairman of the dinner committee.

The evening program will include picture reports from Formosa, a question and answer period led by the Rev. Loren Anderson, and a concluding missionary appeal by the Rev. Pearson.

The Rev. Pearson will participate in the church school period at 9:45 on Sunday morning and will also give the message at the 10:45 worship service.

Rev. and Mrs. Pearson are members of the First Covenant Church in Los Angeles, Calif., which is the home church of Dr. Paul Carlson, Congo Medical Missionary, who was martyred by the rebel forces last fall.

serve in 1939 as missionaries of the Mongolia Inland Mission. Prevailing political conditions and threat of war forced them to return to the United States in 1941. He returned to secular work but later re-entered the field of missionary service when he and his wife went to Formosa in 1953. The Pearsons have three children and have served two terms on the Formosan field where Mr. Pearson served as field chairman.

Personals

Mrs. Jerry Knudsen and son Craig, of Ypsilanti, left this morning to return to her home after spending the Easter holiday with her parents, Mr. and Mrs. William Sundling, 424 Delta Ave.

Sgt. and Mrs. Donald Padas of Fayetteville, North Carolina, are the parents of a son, born April 19 in Fayetteville. The Padas, who are stationed at Fort Bragg, N. C., have a daughter, Linda, 10. Mrs. Padas is the former Betsy Belanger, daughter of Mrs. Pearl Belanger, 1221 S. 11th St., Escanaba, and the paternal grandparents are Mr. and Mrs. George Padas, 420 Delta Ave.

Briefly Told

The Jolly Jills Home Extension Club of Gladstone will meet Monday at 8 p. m. at the home of Mrs. James Bratonia, N. 19th St.

Covenant Church Pastor Attends District Session

The Rev. Loren Anderson, pastor of the Evangelical Covenant Church, attended an overnight session of pastors of the Great Lakes District at Covenant Point Camp at Hagerman Lake near Iron River on Monday and Tuesday.

The Rev. Richard Peterson, former pastor at Stambaugh, and now administrator at the Covenant Children's Home in Princeton, Ill., was the speaker.

Covenant Children's Home is currently caring for about 45 children and is financed through the Covenant Churches and from individual donations.

Pastor Peterson discussed the four points of concern for these children including the actual care of the children, a foster home program, an adoptive agency and the care of unwed mothers in the school.

Between sessions the pastors participated in a work project at Covenant Point.

By **ANDY LANG**
There's more than just a touch of early America in the newest House of the Week.

Unless you want to consider a kitchen more than 28' long just a touch.

For the control center of this house is a huge New England kitchen, with three entrances, a delightful shelved display area and a beamed ceiling. It has all the charm and spaciousness of the old-fashioned family gathering place, plus the modern conveniences that ease a homemaker's chores. That display area consists of rows of shelves at the horizontal muntin lines of a large, multi-paned window looking out on a rear terrace. Architect Herman H. York has used the term Curiosity Shoppe to designate this arrangement, since it is similar to the type of display featured by old-time establishments dealing in china, pottery and other eye-catching items.

The kitchen is accessible from the center hall and so can be reached from the front door without going through any other rooms. It has an entrance to the rear terrace and another at one end. This latter entrance covers a service area with a mud closet, laundry room and lavatory. And you can go into the garage from there without going into the street. Note, too, the rather insignificant but interesting package receiver designed into this portion of the house. It enables a delivery man to leave packages in a place protected from the weather and with some degree of security.

Before anyone gets the idea that this is a one-room house, let's move on to the rest of it. There's a fireplaced living room directly to the right of the center hall and two bedrooms to the left of it. The living room has a bow - type front window extending onto a covered portico. There are two baths between the two bedrooms, with plenty of closet space.

This is a house with vertical expansion. That is, additional rooms are made possible by building the roof high enough to enable the finishing of areas which otherwise might be used chiefly for storage. Besides the high ridge for the main roof, there is a dormer to permit extra headroom at the rear.

For those who need extra bedrooms, architect York has designed a second-floor plan calling for three bedrooms, a

bathroom and a foyer large enough to be used as a study. The open rail of the main stair adds to the spacious appearance of this floor.

In keeping with the early American flavor of the house, the conspicuous parts of the front exterior have been detailed carefully. A decorative moulding serves as an important addition to the cornice over the portico. The absence of brick allows complete freedom for the choice of exterior paint color or stain. Wood shingles and vertical boards are used in a restrained pattern. The architect suggests that the shingles be left in their natural color and that the vertical boards of the portico be painted white. The garage doors and trim throughout can also be painted white, with accent only on such features as shutters, flower box and front door. Incidentally, note how the arched heads over the garage doors add a little extra elegance to the exterior.

There are 1589 square feet of habitable area on the first floor of Design H-79. Add 844 square if the second floor is utilized.

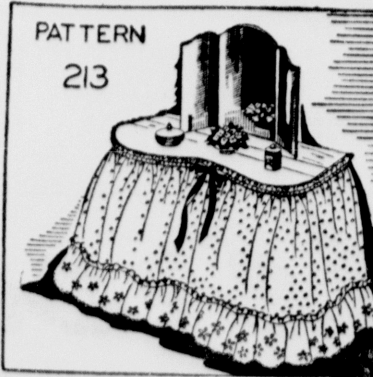

State Briefs

LUDINGTON (AP) — The annual Ludington Perch Festival will run May 29 through June 6. It is sponsored by the retail division of the Ludington Area Chamber of Commerce.

ANN ARBOR (AP) — J. Donald Hanawalt, visiting professor at the University of Michigan, is to receive the Gold Medal of the American Society for Metals for technical contributions. The award will be presented in Detroit in the fall.

MENOMINEE (AP) — George G. Everard, 70, prominent druggist here, died Thursday at a Madison, Wis., hospital where he had undergone surgery April 7. Everard was a graduate of Ferris State College's school of pharmacy.

Home Workshop

A YOUNG girl's dream of something lovely and sophisticated is a frilly dressing table. This is a wonderful Mother - and - Dad project. Queen Enjoys Birthday Show

LONDON (AP) — Queen Elizabeth's birthday party turned into a hilarious vaudeville act Wednesday night before a wildly cheering audience in a London theater.

The queen obviously loved every minute of it.

Wednesday was the queen's 39th birthday, and Prince Philip took her and a small party to see Irish comedian Spike Milligan in a play based on the Russian novel "Oblomov."

Sellers Backs Gags
Among the royal guests were actor Peter Sellers and his Swedish wife, Britt Ekland. Milligan and Sellers are old buddies and soon turned the play into a double act, with Milligan gagging from the stage and Sellers from the royal row in the stalls.

Milligan stopped the show just after the opening curtain as an embarrassed foursome arrived late and took seats just in front of the queen.

"Turn up the house lights," cried Spike. "Start everything again."

"That's cost you your knight-hood," he told the blushing latecomers.

Then he cried: "Is there a Sellers in the house?"
Sellers, sitting between Prince Charles and Princess Margaret, yelled, "Yes."
"Why," demanded Milligan, "Does Prince Philip wear red, white and blue braces (suspenders)?"

Invited To Supper
Sellers quickly swung into the old vaudeville routine with "I don't know. Why does Prince Philip wear red, white and blue braces?"
The classic reply to that ancient chestnut is "to keep his pants up" but whatever Milligan said was lost in the audience's laughter.

Milligan also threw in an imitation of Queen Victoria, kicked a slipper into the audience, narrowly missing Prince Philip's head, and appeared for his final curtain call with a sword with which he invited the queen to knight him.

Her majesty declined, and instead Milligan and others in the cast were invited back to the birthday supper at Princess Margaret's home in Kensington Palace.

Women's Activities

SISTER MARY ANGELINA of St. Francis Hospital staff is demonstrating the use of the latest model Electrocardiograph, which is St. Francis Hospital Auxiliary's 1965 gift to the hospital, to Mrs. Earl Taylor, left, and Mrs. Henry Huckenpahler. The machine is one of many gifts which the Auxiliary has presented the hospital from funds earned through its benefit bazaars and card parties. Mrs. Taylor and Mrs. Huckenpahler have been co-chairmen of the Courtesy Card service to patients since the organization of the Auxiliary ten years ago. (Daily Press Photo)

Plans Complete For Auxiliary Spring Gala

Arrangements have been completed for St. Francis Hospital Auxiliary's Surprise Spring Gala, which will be held at the House of Ludington Wednesday afternoon, April 28, beginning at 12:30. Dessert will be followed by cards.

Reservations, which close April 25, may be made with Miss Theodosia Kleinschmidt,

Mrs. Walter Bacon or Mrs. William Mulvaney Jr.

Final plans for the "Surprise" have been partially revealed. To emphasize the anniversary theme, each table will represent a month of the year with prize mementoes and hand-made tallies in keeping with the month and coordinated with the theme of the card parties and bazaars over the past ten years.

The centerpiece at each table will be the prize for bridge or other games of the players' choice. Several surprise awards will be made during the afternoon. Hostesses are the officers and members of the Board of Directors with Mrs. Charles J. Byrns, chairman of arrangements.

This unusual benefit party is open to the public.

MORE SPACE FOR CLOTHES

If your closet is small, a revolving clothes rack such as those used in department stores will help you to save space. These now are available in sizes small enough to permit you to double your present clothes-hanging capacity.

George F. Hurleys Observe Golden Wedding Saturday

Mr. and Mrs. George F. Hurley, Old State Road, widely known residents of Escanaba, are celebrating their golden wedding anniversary Saturday.

A family reunion and a reception from 3 to 6 p.m. at the Dells Supper Club will mark the festive occasion.

Mr. and Mrs. Hurley, lifelong residents of the community, were married April 15, 1915, in St. Patrick's Church in Escanaba.

Their family includes eleven children, who are arranging the anniversary observance. They are: George, Washington Court House, Ohio; Raymond, Lowell, Mass.; Gordon, Ypsilanti; Mrs. Reuben (Elaine) Carlson, Lompoc, Calif.; Mrs. Dorothy Wicklander, Ypsilanti; James, Chicago; Mrs. Robert (LaVerne) Ring, Marquette; Edward, Escanaba; Marjorie, Salem, Ore.; Mrs. Sidney (Mary Jane) Mathis, Escanaba; Mrs. ohn (Donna) Nelson, Milwaukee.

They also have 33 grandchildren and one great grandchild.

Sunday Night Supper, Service At Presbyterian

Members of the First Presbyterian church are invited to a cafeteria-style Sunday night supper, to be held at the church this Sunday, April 25 at 5 p. m. The Senior High Fellowship has planned a varied menu and the entire membership of the church is invited to attend, with their families and friends.

The Sunday night supper has been planned by the young people of the church to help defray expenses of their "Go-and-See Mission" trip to Kentucky this summer. As in the past, the Senior High Fellowship members earn the money necessary to take these trips to various parts of the country, where they observe and assist in the missionary work of the Presbyterian church.

This year the young people will visit the Presbyterian missions in various parts of Kentucky, and make similar stops in states they travel through enroute. All expenses for these "Go-See-Missions" trips are earned by the fellowship members who go on the trips, and this Sunday night supper is one of the projects they have planned to add to the "Go-See" funds.

Following the supper the United Worship service, "Sundays at Seven", will be held in the church. The Rev. Erland Carlson of the Christ the King Lutheran Church of Escanaba will be the speaker. There will be special music by the Presbyterian Choir, under the direction of Mrs. M. H. Garrard Jr. The public is invited to attend this special united worship service.

Story Time At Library

Two little careless girls will be the feature of the Story Time, this week. The stories will be "Sugarplum"—a little girl loses her doll in a jar of jelly, and "Blueberries for Sal"—a little girl wonders off from her mother while picking blueberries and finds a bear. The program will be held at 10 a. m., Saturday in the Children's Room of Escanaba Public Library. Boys and girls three and above are invited.

Hamburgers taste wonderful with an all-in-one spread made with catchup, prepared mustard and pickle relish.

Mrs. Douglas R. Possi (Lee's Studio)

Church Events

Bethany Lutheran

Bethany Catechism class will meet at the church Saturday at 9 a. m.

Meeting Postponed

The Couples Club meeting at First United Presbyterian Church has been postponed until May 1.

Adventist Church

C. Lee Huff, pastor of the Wilson Seventh-day Adventist Church, will be guest speaker in the Escanaba Adventist Church tomorrow morning at 9:30, in the absence of Pastor John Erhard who is on a vacation.

Frank Bourke B&PW Speaker

Frank Bourke, Escanaba city controller, will present a factual analysis on the proposed sale of Escanaba's municipal gas plant at a meeting of the Escanaba Business and Professional Women's Club to be held next Tuesday evening at 6:45 at the Sherman Hotel.

Reservations may be made with Miss Lottie Frechette.

Miss Kivioja Is The Bride Of Douglas Possi

Christ the King Lutheran Church was the setting for the wedding of Judith Lynn Kivioja and Douglas Raymond Possi which took place April 3. The Rev. Erland E. Carlson performed the 1 p. m. single ring ceremony.

Parents of the newlyweds are Mr. and Mrs. Verner Kivioja of Wells and Mr. and Mrs. Raymond Possi, 1518 N. 18th St., Escanaba.

Honor attendants were Janice Possi, the bridegroom's sister, and Dennis Kivioja, a brother of the bride, who also served as usher.

A front panel of embroidered silk and a train of the same material detailed the bride's floor length gown. Her veil was caught to a crown of pearls with rhinestone teardrops. She carried a colonial bouquet of pink and white carnations.

Her honor maid wore a baby blue ballerina length dress with white lace bodice, and a flowered crown with light blue veil. Her flowers were white carnations with blue accents.

For the wedding and reception at Carpenter's Hall, Mrs. Kivioja, wore a three-piece white suit and Mrs. Possi wore an aqua sheath. Their corsages were carnations. Assisting at the reception were Mrs. LeRoy Kositzke, who poured, Mrs. Dennis Kivioja, who cut the wedding cake, and Lynn Longtine, in charge of the guest book.

At present the bridegroom is stationed at Fort Knox, Ky., and his bride will join him there later. Both are Escanaba Senior High School graduates.

Births

DISHNO—Mr. and Mrs. Keith R. Dishno, Stephenson, are the parents of a son, Richard Alan, weighing 8 pounds, born at St. Francis Hospital April 22 at 6:53 p. m. The mother is the former Dorothy Peacock.

COLE—A son, born today, April 23, at 3:38 a. m. at St. Francis Hospital, is the first child of Mr. and Mrs. Paul H. Cole, 320 Wisconsin Ave., Gladstone. The infant's name is Glad Theodore and his weight at birth was 8 pounds and 6 ounces. Mrs. Cole was Suzanne Randall before her marriage.

GLEICH—Dr. and Mrs. Gerald Gleich of Rochester, Minn., are the parents of a daughter, born Easter Sunday, April 18, at St. Mary's Hospital. The new member of the family, whose name is Julia Katherine, weighed 7 pounds and 7 ounces. The Gleichs have two other children, Jenny and Martin Chris. Dr. Gleich is a son of Mrs. Agnes Gleich of 912 2nd Ave. S.

BOLM—Mr. and Mrs. Russell Bolm, 316 S. Roosevelt, Green Bay, are the parents of a daughter, born April 8 at St. Vincent's Hospital. The new member of the family, Theresa Mary, has one brother, Michael Russell. Mr. and Mrs. Bolm are former residents of Escanaba. Mrs. Bolm was Mary Della Chartrand and Mr. Bolm is a son of Mrs. Oscar Bolm, Gladstone Rd. 1.

Personals

Mr. and Mrs. Earl D. Campbell returned to North East, Pa., by airliner after an Easter visit with Mr. Campbell's mother, Mrs. Archie Campbell, who is a patient in St. Francis Hospital, and at the home of his brother-in-law and sister, Mr. and Mrs. Matt Lewis, 505 N. 19th St.

Rotary Plans Pancake Supper For Scholarships

Committees have been appointed by the Rotary Club for its annual pancake supper May 12, to raise funds for its scholarship program. Serving will be from 4 to 8 p. m.

Otmer Schuster is general chairman for the supper in Liberty Hall, with Bill Cook as ticket chairman, Carl Carlson, program solicitation, Cliff Lewis, chief "flipper," Ted Hentschell, waiters, John Kelly, publicity, and Carl Olson, entertainment.

Don McPhail is expediter. Rotarians plan to make the event "a big blast" and raise funds necessary for the scholarship program. The club annually awards a \$100 scholarship renewable for four years to a Manistique High School student.

Bullet Wound Was Not Self-Inflicted

State Police have issued a revised report on the bullet wound which Michael Orr, 16, of Manistique received Tuesday afternoon, reporting the gun was discharged by a 16-year-old companion who thought the gun was not loaded.

The boy had pulled the bolt back to eject the shell and thought the gun was empty when he pulled the trigger. Orr was 20 to 30 feet away from him at the time.

The revised story was issued after the father of Michael questioned further, regarding the manner in which the accident happened.

Five boys 15 to 17 had gone to target practice off M94 above Stony Cut Hill.

STILL BEAST OF BURDEN JAIPUR, India (AP)—Camels still walk in where trucks fear to tread in the west India desert state of Rajasthan. They did most of the hauling recently in laying a power line across sand dunes where trucks bogged down.

Frank Soligny Dies Suddenly

Frank R. Soligny, 57, 825 Manistique Ave., died suddenly Wednesday at 8 p. m., in Apache Junction, Ariz., where he had been the past nine months.

He was born Jan. 28, 1908 in Cusino and had been a shovel operator for Inland Lime and Stone Co. He was a member of St. Francis de Sales Church.

Survivors include his wife, Rowena, two daughters, Mrs. Eleanor Vallier, Portland, Mich., and Mrs. Elaine O'Neill, Grand Ledge, and six grandchildren.

The body will be brought to Messier - Broullaire Funeral Home. Arrangements are incomplete.

Voters Approve School Millage

In a special election Thursday voters of Manistique approved 8 to 1 a proposal for renewal of a four mill school operating levy.

The vote was 678 yes to 81 no. The breakdown by precincts: Lakeside 418 yes, 52 no and Lincoln 260 yes, 29 no.

A number of programs at the school are contingent on renewal of the millage. It supplies about \$40,000 per year to the district.

Hospital

Admitted to Schoolcraft Memorial Hospital were George Bouschor, Jr., 507 Arbutus; Gerald Johnson, N 2nd; Alex LaLonde, 543 Michigan; Lawrence Snyder, Shingletown; Clara Fissette, Rte. 1; Lillian Watch, orn Ensign; Margaret Modroo, Shingletown; Betty Lowery, Rte. 1; Frances Louis, Curtis; Michael LeBrasseur, 318 Range; Debra Sue Barker, Germfask. Discharged were Mark Erickson, Arlene Baldwin, Mary Ward, Karen Zeller and baby, Peter Kornich and Kathleen Pann.

Briefly Told

The Square Dance Club meets Saturday at 8 p. m. in the Lincoln gym. Members are asked to bring sandwiches or cookies.

A party games will be held at the Cooks Town Hall at 8 p. m. April 28 for the benefit of the Cancer Drive.

State Police are investigating the breaking and entering of a pay telephone booth at the airport some night this week.

Mrs. Elizabeth Erickson of Isabella was treated by a physician here for a dog bite by the family dog.

The training program for church school and vacation church school teachers of First Baptist Church is scheduled from 7:30 to 9 p. m., April 28.

The Study Club meets Monday at 8:30 p. m. at the home of Mrs. Fred Cayia Jr. with Mrs. William Hood assisting hostess. The book review will be given by Mrs. John Kelly.

The Schoolcraft 4-H Junior Leaders banquet will be held April 29 at 6:30 p. m., in Fairview school. Serving on the committee in charge are Ann Marie Hoholik, Irene and Laurel Archey, and Lyle Bouchard.

Public Safety officers ticketed Donald Lee, 17, of Gulliver for failure to yield right of way following an accident at 8:25 p. m., Wednesday at Deer and Houghton. Officers said he was turning from Houghton and hit the left side of a car driven by Mrs. John (Helen) Selling, 48, of 135 S. Houghton. No one was injured.

An ordinary drop of water contains about six sextillion atoms.

In This Corner

with Ray Crandall

Jim Morris, the former Notre Dame football captain and Canadian professional star, will be the main speaker at the annual Eskymo Fan Club all sports banquet this year . . . Morris is a familiar figure on the national sports scene as broadcaster of Notre Dame games, pre-game show of the Detroit Lions and this fall will handle the telecast of the Minnesota Viking games.

Arrangements for his appearance here were made by Bob Haack of Escanaba, a personal friend . . . Honored at the dinner will be Escanaba Area Public School athletes, coaches and cheerleaders . . . Date of the banquet is Saturday, May 15.

Jayne Leach, former Pickford prep star, has been named head football coach at the school . . . Leach succeeds Ken O'Connor who stepped down as Panther grid coach this year after eight seasons at the post, but retains his basketball coaching duties . . . Leach started in football, basketball, baseball, track and cross country before graduating from Pickford in 1956 and was a sprinter on the Northern Michigan University track team . . . He has been a teacher and assistant coach at Cedarville and at Pickford the past four years . . . Leach is co-holder of the Upper Peninsula Class D 220 yard dash record (23.0) with a brother, Gary.

And, while Pickford is gaining a football coach, St. Ignace is losing one . . . Art Haeg, head grid mentor at St. Ignace the past two years, has resigned to accept a teaching and coaching position in downstate Manistee . . . Haeg, who played pro football with Saskatchewan of the Canadian League before taking the St. Ignace job, guided the Saints to a 6-2 record and the Straits-Huron Conference crown last fall . . . His overall record was 10-5-1 for the two years.

Four athletes who topped firsts in the Great Lakes Conference track and field meet at Manistique last year will be back in action at the 1965 meet May 8 . . . Bill Sarnowski of Escanaba won the shot put with a toss of 49 feet 11 inches, Jerry Lutri of Stephenson the high jump at 5 feet 8 inches, Doug Purttunen of Ishpeming the half mile in 2:07.6 and Chuck Brookes of Escanaba the 100 yard dash in 10.5.

Mertz Mortorelli, head football coach at Wisconsin State University at Superior, was the main speaker at the Iron River High School's basketball recognition banquet this week.

Don Edens, Northern Michigan University's sophomore full-back and former Upper Peninsula prep Back of the Year, underwent surgery last week for stretched ligaments in his left shoulder . . . Edens suffered a recurrence of a football injury while lifting weights . . . He's missing spring practice drills but is expected to be available for action next fall.

Dan Purple of Gwinn has the distinction of being the only Upper Peninsula athlete who owns a track and field record which ranks as tops in the entire state . . . Purple set a new U.P. record of 6 feet 3 3/4 inches in the Class A-B high jump last spring . . . The state record in Class B is 6 feet 2 1/2 inches, set in 1960 by Jerry Holmes of Ecorse in 1960 . . . All the other state records are better than the Upper Peninsula marks, except in the Class D 100 yard dash where the 10.2 standard set by Reno Fochesato of Hermansville equals the downstate mark.

Marks May Fall In Drake Relays

DES MOINES, Iowa (AP) — A mighty weightman, a springy broad jumper and a dismissed track coach elbow for the spotlight in today's opening of the 56th Drake Relays.

Texas A&M's Randy Matson, 260-pound top attraction of the two-day under carnival, was expected to launch a bid for a Drake double with a record-smashing discus performance.

Matson will try again for the world's first 68-foot heave in the shot put Saturday.

In the broad jump, New Mexico's Clarence Robinson may shatter the Drake mark of 26-2 in another of today's seven finals.

Robinson also could match Matson as a double winner by taking the triple jump on Saturday's closing program of 20 finals.

Among all the coaches of the 37 university and 47 college squads sending a total of 1,300 athletes into Drake action, the center of conversation was "lame duck" Coach Bill Easton of Kansas.

The 60-year-old Easton, bringing his 18th Kansas squad to his old stamping grounds, was fired Tuesday after an apparent feud with Athletic Director Wade Stinson.

Easton was Drake track coach and director of the Drake Relays from 1941 through 1947. Matson has whirled the discus

Randy Matson

201-5 1/2, topping the seven-year-old Drake mark by more than 15 feet.

Robinson comes to Drake fresh from a 26-2 1/2 broad jump last week in the Kansas Relays in which he won outstanding athlete laurels.

Latin Americans Battle For Top Shortstop Rank

Baltimore's Luis Aparicio remains undisputed president of the Latin-American Shortstop's Association today despite a short revolution staged by Minnesota Twin insurgent Zoilo Versalles.

Versalles, the fiery Cuban whose spring training squabble with Manager Sam Mele resulted in a \$300 fine, had challenged for the top spot with three hits including an inside-the-park home run, and three runs batted in as the Twins thumped the New York Yankees 8-2 Thursday.

It fell to Aparicio to match the performance in the only other American League game played Thursday and Luis went Zoilo one better.

Aparicio ripped four hits including a homer, drove in four runs and scored three as the Orioles walloped Washington 18-4.

Luis, who celebrates his 31st birthday next Thursday, even topped Versalles' speed, swiping

New Spartan Coach Highly Regarded In Basketball Circles

EAST LANSING (AP) — Basketball coach John Benington never has won a championship in top-flight college competition. But probably no one ever came to the Michigan State mentor's post with higher recommendations or more confidence from superiors.

Benington, 43, hired away from St. Louis University and named Thursday to succeed fired coach Fordy Anderson, is being given the job of restoring

A former MSU aide to Anderson, the new coach comes here after coaching the St. Louis Billikens of the fast Missouri Valley Conference for six years.

Athletic Director Biggie Munn called Benington a "proven man in a tough league." He also praised Benington's "experience and stability."

Dr. John Fuzak, chairman of MSU's athletic board which approved Munn's recommendation of Benington, said the board's requirements included a man of "top character and integrity."

The list of possibilities had been narrowed to two men, Dr. Fuzak indicated.

One was Benington. The other was Johnny Wooden, coach of the great UCLA quint that drubbed Michigan, the nation's No. 1 ranked team, in the NCAA finals.

Penington's teams have been regarded as favoring a deliberate style of play, but he said in St. Louis Thursday:

"We run more than people believe. I play pretty much to personnel. You make them happy by winning, not by running or controlling the ball."

Penington, father of nine children, played his college basketball on the crack San Francisco College teams of the late 1940s.

In his total eight years of coaching at Drake and St. Louis his record was 139 victories and 99 defeats. St. Louis tied for

second place the past season in the MVC.

Penington coached four years under Pete Newell at MSU and

John Benington

then two years under Anderson, successor to Newell.

Clarence (Sonny) Means, MSU grad and former Saginaw high school athlete who has been Benington's assistant at St.

Louis, was approved for Benington's aide at MSU. Means, however, may choose to try for the vacated St. Louis head coaching job.

MSU has scheduled a luncheon next Monday noon for sports writers to meet Penington.

Dorow Named To MSU Staff

EAST LANSING (AP) — Michigan State University has appointed freshman football coach Burt Smith to the new position of assistant athletic director and named former MSU quarterback Al Dorow as an assistant football coach.

Smith has been an MSU coach since 1954 and freshman coach since 1961. Assistant coach Ed Rutherford will succeed him as freshman coach.

Dorow, who quarterbacked Michigan State's undefeated 1951 squad and earned all-america honors, has been assistant football coach at Hillsdale College for the last two years. He spent 10 years in professional football before that.

Dorow is a native of Imlay City.

Black Hawks Post Victory

CHICAGO (AP) — The Chicago Black Hawks have taken on new hope in their bid for the Stanley Cup with the return of forward Kenny Wharram and defenseman Pierre Pilote.

Not only did the two come off the ailing list, but both played starring roles in a 3-1 victory over the Montreal Canadiens Thursday night for Chicago's first triumph after two losses in the best-of-7 series.

Pilote assisted on Chicago's first goal, scored by Phil Esposito 51 seconds after Montreal had taken a 1-0 lead in the second period on John Ferguson's goal.

Wharram broke the tie early in the third period and Chico Maki added an insurance goal in the final minute when he scored into an empty net.

Neither Wharram, suffering from bruised knees, nor Pilote, hampered by a shoulder injury, had seen any action in the first two games in Montreal, which the Hawks lost 3-2 and 2-0.

Wharram was expected to play but Coach Billy Reay didn't decide to use Pilote, the team captain, until shortly before the game started.

Northern Track Team In Action

MARQUETTE — Northern Michigan University's track and field team will open the 1965 season Saturday at Big Rapids in the annual Ferris State College Invitational.

Track Coach Mike Mileski will take a squad of 20 to the meet, including only three lettermen. The other 17 members of the traveling squad are all newcomers.

Letter winners returning to the squad are dashman John McCutcheon, a junior from Newberry, and a pair of hurdlers, junior Gene Pearson of Marquette and sophomore Bruce Newman of Milwaukee.

From left to right: Bill Guoin, senior division; Greg Kern, intermediate, and Bill Baum, juvenile. Bob Irish, junior champion, was not present. Guoin, competing in his first tournament, took two straight from Jerry Thibodeau in the finals after victories over Mike Kositzky, Ward Zeno and Steve King. (Daily Press Photo)

Bill Freehan May Return To Action Behind Plate

DETROIT (AP)—Catcher Bill Freehan may resume his post in action with the Detroit Tigers against the Minnesota Twins tonight after having been sidelined since mid-April with a sore back suffered in spring training.

Interim manager Bob Swift said Thursday he was leaving the decision to Freehan and the 23-year-old, \$125,000 bonus youngster promptly said he'd play.

The Detroit Minnesota series will be a fight for the American League leadership. Minnesota holds the lead a half game ahead of Detroit with a 5-1 mark. The Tiger's two defeats were in their loss of a series at Los Angeles after winning their first four games.

If Freehan starts tonight, it won't be because Swift wasn't cautious about his first string catcher's condition. Swift had said earlier he did not want Freehan back until he was ready beyond doubt.

Swift added that he was pleased with the work of rookies Jackie Moore and John Sullivan who have filled in for Freehan. Moore has just one hit, but Sullivan is hitting .357 and his five runs batted in still is the

second best on the team.

"They have both handled themselves very well these first few games," Swift offered.

But he cautiously avoided an answer when asked if both had a chance to survive the final cut, giving the Tigers three catchers on the 25-man squad.

"I like to carry three catchers, and so does Charlie (Dressen). But there are a few things that we have to consider before making a decision to keep them," Swift said.

"And don't forget, we've got a number of players who can get in back of the plate if we really got in a tight spot. Gates Brown and Willie Horton each have experience and I wouldn't be afraid to put George Thomas back there," he added.

Looking ahead to the start of a weekend series against Minnesota Friday night, Swift said Norm Cash would stay at first base. Swift's earlier thoughts were to platoon Cash and Bill Roman, with the latter facing the lefthanders.

"Roman hasn't had a hit in 10 tries," Swift observed, "so I'll just let him have some more batting practice to allow him to get back in the groove."

Horton and Jim Northrup will continue to share the left field spot.

Dave Wickersham, whose only decision so far this season is a victory over Minnesota, will start against the Twins Friday night. Phil Regan and Denny McLain will pitch Saturday and Sunday, respectively.

Koufax Erases New Image As Sunday Pitcher

By The Associated Press

Sandy Koufax is a bust as a Sunday pitcher.

He took care of that Thursday night.

Koufax, the arthritic-elbowed southpaw, pitched a four-hitter and gained his second complete game victory in as many starts in the Los Angeles Dodgers' 2-1 triumph over the New York Mets.

His performance came with only four days rest, marking the first time Koufax has tried to pitch in regular rotation with the damaged elbow.

When it was discovered earlier this month that the 29-year-old left-hander had an arthritic condition, Dodger officials believed he might be able to pitch only once a week — simply a Sunday pitcher.

He started out that way last Sunday in beating Philadelphia 6-2. In less than 48 hours, though, Koufax had decided he could pitch before the week was up, even with only his usual four-day layoff.

If the elbow responds well, Koufax will draw the Phillies at Los Angeles next Monday night. Against the Mets, Koufax was much sharper than in his first effort against Philadelphia when he gave up just six hits but walked five.

All of the hits the Mets got were singles, two by Billy Cowan. Koufax walked only one batter — Roy McMillan in the seventh inning — while striking out nine. The lone run off him was unearned, a result of Maury Wills' seventh-inning error, leaving him with a 1.00 earned run average.

In the only other National

League game Thursday, Chicago nipped Cincinnati 3-2.

In the light American League schedule, Baltimore annihilated Washington 18-4 as Luis Aparicio collected four hits and drove in four runs, and Minnesota whipped New York 8-2 with Tony Oliva belting a pair of homers.

Despite Koufax' stingy pitching, the Dodgers had to go until there were two out in the ninth to defeat Jack Fisher.

Wes Parker led off the inning with a double but was out trying for third on Willie Davis' bunt. Willie then moved to second as Tommy Davis grounded out and scooted home with the winning run on John Roseboro's single to right field.

The Cubs edged the Reds on Billy Williams' run-scoring single in the eighth inning. Glenn Beckert, who scored Chicago's first run in the first inning, opened the eighth with an infield single, was sacrificed to second and came in on Williams' hit.

Tavern Dartball Dinner Saturday

The Escanaba Men's Tavern Dartball Association will hold its annual banquet Saturday at the Midway Lanes in Gladstone.

Refreshments will be served at 6 and dinner will begin at 7:30.

Highlight of the program will be the presentation of trophies to teams and individuals for season and tournament championships.

Lakers Seeking Series Deadlock

LOS ANGELES (AP) — The Los Angeles Lakers have proved they are capable of beating the Boston Celtics. But they have to do it again tonight.

A 126-105 Laker victory Wednesday night shattered the aura of invincibility of the Celtics, acquired with 142-110 and 129-123 triumphs in the first two games of the National Basketball Association final playoffs.

Another strong Laker performance could deadlock the teams at two games apiece as they head back to Boston for the fifth game Sunday.

On the other hand, a Celtic victory tonight would virtually assure the Boston club of its seventh straight league championship.

Because the home-court advantage is as important as any factor in the NBA, and the Celtics seldom lose at home, the Lakers consider a win tonight a necessity.

THE CONTROL GATE of Operation Bootstrap's pike rearing pond on the Whitefish River is pictured here, with the pond filled and planted with northern pike. (Conservation Department Photos)

SHALLOW WATERS of this pond created by Operation Bootstrap near the mouth of the Whitefish River will provide 6 acres of flooded marsh for the spawning and rearing of northern pike, which will be flooded into the Whitefish when the pond is drawn down in June or July.

Whitefish Area Pike Pond Gets First Spawners

Operation Bootstrap's pike rearing pond project got underway this week with placement of 8 female northern pike weighing a total of 30 pounds in the pond constructed in Whitefish River delta land near the Ken-Mar Resort at the head of Little Bay de Noc.

With the spawn-laden female pike, Clifford Long, fish biologist of the Escanaba District of the Michigan Conservation Department and his crew placed 25 male pike to fertilize the spawn of the females. A ratio of two or three males to each female is sought to insure fertilization of the eggs which the larger females lay in shoal waters in this period.

Operation Bootstrap, a volunteer group of Little Bay de Noc resort operators who are

House Rushes 32 New Bills

LANSING (AP) — The House of Representatives, in a last-minute attempt to clear its calendar before a 10-day recess, moved 32 bills to the final passage stage Thursday with virtually no debate.

The attempt at cleaning up a mammoth calendar of bills was accomplished only after Rep. William Thorne, D-Deerborn Heights, staved off a noisy revolt by his own desk-pounding party members.

Before members, sitting as a committee of the whole, could slow down Thorne's heavy gavel, four bills were whipped through the preliminary debate stage in about six minutes—at least an hour's work when debate is allowed to run its normal course.

"If we are going to put these bills over to third reading (the final voting stage) without discussion," said Rep. George F. Montgomery, D-Detroit, "I move that the committee now arise (adjourn)."

Others joined him. A haggle developed and Thorne ruled everybody out of order.

Finally clerk Normal Philoe ruled that a move to end the committee's deliberation is never out of order.

At that time, Thorne agreed to allow a "reasonable debate" on each bill.

Perkins

Mr. and Mrs. Keith Carlson and Dean and Connie returned to Wyandotte after spending Easter vacation with Mrs. Bertha Carlson and Mr. and Mrs. Peter Jodocy.

Mr. and Mrs. Carl Brandstrom and family spent several days in Milwaukee visiting the John Nelsons.

Tom Gibbs and Bud Norden spent Easter with Mr. and Mrs. Ray Louis in Menominee.

Luella Sharkey returned to Milwaukee after a weekend visit with her mother, Mrs. Della Sharkey.

Mr. and Mrs. John Gibbs and family returned to Chicago after spending several days with Mr. and Mrs. H. C. Gibbs, Marilyn Gibbs, student at Mundelein College, Chicago also is visiting her parents.

Mr. and Mrs. Clayton Norden spent the Easter weekend in Negaunee with Mr. and Mrs. James Vallier.

Mr. and Mrs. Gerard Depuydt visited in Munising with Mr. and Mrs. Earl DeLisle. They were accompanied by Mrs. Aileen Grayevy of Milwaukee who spent several days here.

Industry came late to the Chesapeake country; agriculture and fishing still predominate. In southern Maryland, tobacco remains a principal crop.

Michigan Group Of 70 On 10-Day Trip To Europe

DETROIT (AP)—A planeload of junketing Michigan businessmen and public officials, headed by Gov. George Romney, flew off to Europe Thursday night.

All in Navy blue coats bearing an insignia, "Operation Europe," a party of 70 set forth on a 10-day trip calculated to stimulate international trade with benefits for industrial Michigan.

Before the return home May 1, the mission planned to stop off in six countries, all members of the European Common Market.

The group was due in Amsterdam today after a change of planes Thursday night in New York.

Republican Romney, who has been mentioned as a possibility for the GOP presidential nomination in 1969, will be making his international affairs debut on the trip. He will deliver possibly four speeches.

Rival Democrats said Romney was making the trip in an attempt to enhance his political reputation. Republicans denied that.

A number of state legislators, including both Democrats and Republicans, were in the touring group. Besides the businessmen, others included educators and research experts.

H.D. Doan, president of the Dow Chemical Co. of Midland, headed the business group. Dow Chemical has extensive foreign interests.

The schedule calls for the group to be in Bremen and Hanover, West Germany, on the weekend in Milan, Paris, Brussels and London thereafter. Chancellor Ludwig Erhart is to welcome the Americans at the Hanover Industrial Fair Sunday.

Romney is scheduled tentatively to speak in Milan and Paris and twice in Brussels.

Williams Will Stay On Job

WASHINGTON (AP) G. Mennen Williams saw President Johnson Thursday and then sort of announced he was staying on as Assistant Secretary of State for African Affairs.

There have been recurring reports Williams would be replaced, but after seeing the President he told newsmen "he's sort of reappointing me to the job."

Williams was not on the announced schedule for a meeting with Johnson, but he showed up in the White House lobby after the session and talked with newsmen.

"The president had me over to talk about a more vigorous coordinated program for Africa," he reported. "He wants me to put this together, work it over with Bill Moyers then sit down with him."

Moyers is Johnson's top assistant.

Asked whether there were any changes in mind in the African program, Williams said there was nothing specific on that at the moment, that an effort would be made to see "where we can improve it, give it more punch."

Judge Picketed At Restaurant

DETROIT (AP)—Sign-carrying pickets appeared at a restaurant where U. S. District Judge George Edwards was making an appearance Thursday night.

Edwards, a member of the Sixth District Circuit Court of Appeals at Cincinnati and former Detroit police commissioner, was principal speaker at a dinner honoring a policeman of Italian descent.

The dinner was sponsored by the Detroit Italian-American Chamber of Commerce. The pickets protested the testimony Edwards gave to Senate crime investigators in Washington in 1963 when he named several men of Italian descent as underworld members. He was then Detroit's police commissioner.

There were more than 100 pickets. One sign said "Edwards, are you still destroying the Italian image?" Another "The damage is done. Why praise us now?"

One of the pickets identified himself as Joseph F. Pagano, a jeweler.

"We are picketing," Pagano said, "to let people know that the Italian-Americans resent Edwards for the lies and baloney and misstatements he made under Congressional immunity. We're as good as any other group."

Five hundred persons attended the dinner. It was in honor of chief of detectives Vincent Piersante. He received the Chamber's Distinguished Citizen Award as an outstanding American of Italian descent.

Hermansville

Mr. and Mrs. Eugene Stockero Jr. and family of Milwaukee spent the weekend with their parents, Mr. and Mrs. Bill Nelson, Powers, and Mr. and Mrs. Eugene Stockero Sr., Hermansville.

Carl Swanson left Monday for Newberry where he will be employed.

Nick Miketinac, Green Bay, spent Easter with his mother, Mrs. Rose Miketinac.

Mr. and Mrs. John Lodde and family of Milwaukee spent the weekend with her parents, Mr. and Mrs. Joseph Rodman.

Mr. and Mrs. George Furlick and family of Grafton, Wis., visited several days with his parents, Mr. and Mrs. Nick Furlick.

Mr. and Mrs. Bruce Andrews and family of Munising spent the weekend with his mother, Mrs. Sophie Andrews and with relatives in Escanaba.

Virgil Pelon of Milwaukee visited with friends here Tuesday.

Mr. and Mrs. Arnold Hannon and family of Mount Morris, Mich., visited with Mr. and Mrs. Steve Machalk.

Mr. and Mrs. George Southwell of Saginaw visited her parents, Mr. and Mrs. Fred Ayotte.

Mr. and Mrs. Hugh Allen and family of Green Bay spent the weekend with her parents, Mr. and Mrs. Patrick Grenier.

Killed By Cart

KALAMAZOO (AP) — Construction worker Robert C. Logan, 49, of Kalamazoo, was killed Thursday when a cement cart fell on him from the third floor of a dormitory building under construction on the north campus of Western Michigan University.

CINDY JO CHAPLA, eight-year-old daughter of Mr. and Mrs. Joe Chapla, Rte. 1, Escanaba, looks as though she might have stepped right out of a western movie. The guitar, however, is not mere decoration. Cindy, a second grader at Pine Ridge school, recently won a talent contest sponsored by the Escanaba Township Lions Club.

MEAD CORP. crews were kept hopping Thursday at the company's No. 2 dam protecting against ice jams. Working from a floating catwalk above the dam are, from left-to-right, John Mark, Cedar River; Ed Chroge, 521 N. 11th St., and Art Gardner, 210 Stephenson Ave. When ice got too large for the men to handle, dynamite was used. (Daily Press Photo)

Voting Rights Debate Curbed

WASHINGTON (AP)—Senate leaders hope to forestall lengthy debate on the voting rights bill by putting the first of its many amendments to a vote early next week.

The prospective ice breaker is a rider by Sen. John J. Williams, R-Del., to impose heavy criminal penalties for vote-buying and other election frauds.

Both Democratic Leader Mike Mansfield and Republican Leader Everett M. Dirksen said they hope Williams' amendment can be brought to a vote Monday or Tuesday.

But counter to their hopes for quick action on the bill is Sen. Allen J. Ellender's prediction that the debate may run for eight weeks. The Louisiana Democrat spoke to newsmen Thursday after a meeting of Southern senators. He is their acting leader in the absence of Sen. Richard B. Russell, D-Ga., who is ill.

Debate is in its second day today. Ellender said that unless the Senate eliminates an amendment to bar the poll tax in state and local elections he doesn't think leaders could get the necessary two-thirds vote to block a filibuster.

Escanaba River Ice Dynamited

The drama of a massive breakup of ice on the Escanaba River was shattered by dynamite blasts Thursday afternoon.

The charges were set by Mead Corp. crews above the company's No. 2 Dam to keep water flowing into the canal to the pulp mill.

Employees had maintained a 24-hour vigil to guard against ice jams since first signs of the breakup appeared Wednesday.

"We've got water grinders going at this time of year in the pulp mill," explained foreman Hack Wilson, 805 S. 19th St. "If the ice blocks up the canal opening at the dam we can't get enough water to keep them running."

Mead capitalizes on high water periods, particularly in the spring, to operate water-powered grinders in the pulp-making process.

"We were here almost all Wednesday night because we thought the ice was going to come down then" said Wilson. "Most of it came shortly after noon Thursday."

Dynamite charges were set at the dam by Michael Eugate, Rte. 1, Gladstone, and Joseph Skorupski, Rte. 1, Cornell, and also along the northern shore

Anniversary Services Planned For Calvary

RAPID RIVER—Calvary Lutheran Church, Rapid River, will observe the 65th anniversary of the congregation throughout 1965 by having a series of special services.

The first of these services will be the dedication of the recently installed Moller pipe organ Sunday, April 25 at 3 p. m. A reception will follow at the Parish Hall.

This rebuilt Moller organ was purchased from and installed by Scott Wheeler Co. of Bay City. It is an 11 rank organ with 19 stops and 668 pipes. The organ was purchased through funds from the Nels Pearson estate left to Calvary for this purpose.

Don Aronson, Escanaba, will play the dedicatory concert. Mrs. Russell Case, church organist, Miss Margaret Soderberg, assistant organist, and Bill Van Effen, Escanaba, will also furnish special music. The Calvary choir will sing, "O Worship The King." Pastor Paul Holmstrom, Negaunee, District Dean, will conduct the rite of dedication.

The second in the series of anniversary services will be held on June 26 with the dedication of the Parish Hall by Pastor Herbert Carlmark, Naperville, Ill. A congregational fellowship supper will be held following the dedication.

Dr. Theodore Matson, Wisconsin-Upper Michigan Synod president will be present for the anniversary service Sunday, Aug. 1.

Pastor Wilbert Johnson, Duluth, will conduct a Bible Preaching Mission in September, bringing to a conclusion the anniversary observances.

An Anniversary offering will be taken at each of the special services for the on going program of the congregation. Members and friends of Calvary are invited to attend these special services.

Briefly Told

Adult education classes, except for sewing, will resume normal class schedules next week, it was announced today.
